

GIULIETTA

A HUMAN-CENTRIC CAR FOR THE PASSIONATE

The Giulietta is an Alfa Romeo car before anything else. Designed totally around the person, it puts the driver at the centre, giving full command and control of information.

FUEL YOUR INSTINCT

The new Giulietta. Power, energy and safety, ready to be unleashed on the road.

Agility. Cutting-edge McPherson front suspension and Multilink rear suspension, ideal for handling sharp corners with excellent grip, offering superior driving comfort.

Fun. Dual Pinion Active Steering for an exhilarating driving experience.

Flexibility. 6-speed manual or automatic transmission with the Alfa TCT double clutch, for more efficient and faster shifting, with a continuous torque output.

Technology and sportiness. Alfa™ DNA selector with three different dynamic vehicle responses according to the driving style and travelling conditions.

IT TAKES ONLY ONE GLANCE TO RECOGNISE IT

A strong, unique, clear, precise style. The new Giulietta is the true embodiment of Alfa Romeo design and beauty.
The new honeycomb grid grille gives the front of the car a sporty and aggressive look.
The distinctive Alfa Romeo trilobe communicates strength, balance and harmony.
The headlights, with a carbon-look treatment for the sporty versions, have an aggressive and glamorous edge.
The unique and unmistakable rear lights - next to the new Giulietta logo - give it a modern, bold and sporty style.

DYNAMIC INTERIORS

ENERGY FROM WITHIN

Perfect ergonomics and Italian style: the interior of the new Giulietta is all about the driver. The beauty of sophisticated materials is all around. New brushed matt black inserts for the dashboard, door panels and centre console. The ultimate in comfort and beauty, the seats come in fabric, and Alcantara®. In the sports versions, they are in leather and Alcantara®.

SMOOTH POWER

The Alfa Romeo Giulietta combines superior performance levels with eco-friendliness in turbo petrol engines that suit various requirements. Three sophisticated turbo petrol engines are available: the 1.4 TB 88kW, the extraordinary MultiAir 125kW, which is also available in the Alfa TCT and the exceptionally dynamic 1750 turbo petrol version with direct injection and 177kW with Alfa TCT automatic transmission as standard featuring Scavenging technology. These engines ensure the best in sportiness in the Giulietta range.

MULTIMEDIA INTELLIGENCE

MAKING REALITY EASIER

The Giulietta has the innovative Uconnect™ touch-screen multimedia system with Bluetooth®, audio streaming, Aux-in, USB connector, voice commands and SMS Reader.

Monitor savings, consumption and emissions with the applications Eco Drive.

The exclusive Alfa Performance lets the driver monitor vehicle parameters, measure their performance and get real-time driving advice.

GIULIETTA

The Giulietta trim level is available with the following engine:

- Petrol 1.4 TB 88kW

CONTENTS

- Two-colour Black/Light Grey fabric interiors
- Folding, split rear seat
- Multifunctional leather steering wheel with radio and phone controls
- Alfa climate control
- Dark grey streaked moulding
- Black fabric mats
- 16" steel rims
- Heated electrical wing mirrors in matching body colour
- Rear spoiler
- Front door handles with shiny chrome treatment
- Daytime Running Lights
- Dark finish headlights
- 6 Airbags: 2 front + 2 side + 2 window bags
- ABS with Brake Assistant
- ESC with Hill Holder
- TPMS (Tyre Pressure Monitoring System)
- Alfa DNA
- Dual Pinion active steering
- Electronic Q2 differential
- Start&Stop
- Uconnect 5" Radio (touchscreen display, Bluetooth, voice controls and mp3 Media Player with USB and Aux-in)
- Remote central locking
- Trip Computer with matrix display
- Isofix attachments for child restraint systems
- Front and rear electrical windows
